\*1 - These are Menu Waveforms. Many different Waveforms are provided, each one assigned to a different key.

\*2 - These are the phrase loop waveforms. The numbers (80-192) included in the wave name represent the B.P.M. (tempo) when played at the C4 key. And these waveforms can be synchronized to a device such as a sequencer.

\*3 - In these Waveforms, a reversed sound is assigned to the upper section on the keyboard. However, on the JD-990, they will instead be sounded in the forward direction, since the instrument does not support reverse playback.
